**The Second International Conference on
Intelligent Systems and Applications
INTELLI 2013**

April 22 - 27, 2013 - Venice, Italy

<http://www.aria.org/conferences2013/INTELLI13.html>

Important deadlines:

Submission (full paper)	November 27, 2012
Notification	January 15, 2013
Registration	January 29, 2013
Camera ready	January 29, 2013

Tracks:

- | | |
|--|--|
| Fundamentals in intelligent systems and applications | Stability in intelligent systems |
| Intelligence by design | Ethical evaluation of intelligent systems |
| Intelligent distributed systems | Intelligent communication networks |
| Context-aware intelligent systems | Cognitive intelligence in vehicular networks |
| Symbolic intelligence | Guidance systems |
| Collective intelligence | Intelligent health systems |
| Ambient Intelligence | Indoor special-awareness |
| Cooperative intelligent applications | Intelligent systems for software computing |
| Formal ontology and semantics | Sensor-based intelligent systems |
| Persuasive intelligence | Intelligent systems for wireless applications |
| Bio-inspired intelligence | Intelligent transport systems |
| Cognitive systems and applications | Intelligent applications for disaster management |
| Real-time intelligence | Intelligence in medical decision applications |
| Hybrid artificial intelligent systems | Intelligent forecasting applications |
| Intelligent signal processing | Intelligent human-computer interaction systems |
| Intelligent data analysis | Intelligent multimedia |
| Web intelligence | Intelligent recommenders |
| Intelligent web search engines | Intelligent security systems and applications |
| Intelligent perception and intelligent machines | Intelligent robotics |
| Intelligent agents | Intelligent sensors and sensing applications |
| Patterns in intelligent applications | Mobility intelligence and semantic applications |
